Description										
Coverage of dependents under health care plans										

Assumptions Used in Arriving at Fiscal Estimate

The Office of Commissioner of Insurance (OCI) ensures compliance with Wisconsin's laws and regulations, and responds to complaints. Ensuring that insurers comply with the requirements of this bill will be fulfilled as part of the standard activities of the office. Any additional cost will be absorbed by OCI.

In accordance with s. 601.423, Wis Stats., OCI will prepare the mandated study on the fiscal and social impacts of new mandated insurance benefits.

The fiscal effect on local Governments is indeterminate. The coverage of adult children who are not mentally disabled is not currently a mandated coverage in Wisconsin health insurance plans and depends on the employer's desire to offer this coverage. OCI does not have data that identifies how many local governments have this type coverage in their health benefit plans.
